

Student Name \_\_\_\_\_

**Ph-84**  
**Creation & Evolution II**

1. The theory of evolution is a biological theory. True or False
2. The current major theory offered for how the universe “evolved” is the \_\_\_\_\_ theory.
3. Scientists know what caused the Big Bang theory True or False
4. The universe is expanding. True or False
5. Einstein believed in a personal God. True or False
6. What are the two major groups of creationists?  
A.  
B
7. The study of the earth’s physical nature and history is called \_\_\_\_\_.
8. Darwin was influenced by a geologist of his day, \_\_\_\_\_.
9. Modern geologists have measured the approximately age of the earth as about \_\_\_\_\_ Billion years.
10. What is the Hebrew word for “day”? \_\_\_\_\_
11. Who wrote the book “God did it, But How”? \_\_\_\_\_
12. \_\_\_\_\_ is the study of fossils.
13. The theory of evolution is sometimes referred to as macroevolution. True or False
14. There is real evidence showing a gradual transition in the family tree of the horse to ape to man.  

True or False
15. Richard Wilson wrote on the Cambrian Explosion in the Blind Watchmaker. True or False
16. Who wrote “The Descent of Man”? \_\_\_\_\_
17. Darwinists believe that man \_\_\_\_\_ from the \_\_\_\_\_ primates.
18. The study of heredity is called \_\_\_\_\_.
19. What is purposeful domestication? \_\_\_\_\_

20. Some scientists promote evolution despite the lack of evidence. True or False
21. All creationists worship God as the creator of humans. True or False
22. What is the study of chemical processes occurring in living plants and animals?  
\_\_\_\_\_
23. DNA is called the genetic data bank. True or False
24. DNA was discovered in 1935. True or False
25. Biochemistry has confirmed macroevolution. True or False
26. A DNA molecule contains massive and complex “genetic information.” True or False
27. The use of numbers, symbols and equations to study quantities and their relationships are called \_\_\_\_\_
28. Life originated from chemicals by chance. True or False
29. Life has not been explained through chemical origins. True or False
30. A very mathematical “information theory” has been developed to solve problems in storing and transmitting information. True or False
31. Most proponents of ID think “God did it.” True or False
